Reporting

Since 2005, regular reporting has been a key tool for monitoring the progress of ICT initiatives and projects worldwide. WSIS Stocktaking has been playing a crucial role during many years and this role takes on even greater significance in the light of the WSIS+10 review process on the implementation of WSIS outcomes.

Głosowanie

Po przejściu do zakładki WSIS Prizes, korzystaj z przycisków „Vote”:

Phase 3
VOTING PHASE

28 DECEMBER 2022 - 25 JANUARY 2023

Phase III provides an online mechanism for all WSIS stakeholders to participate in the contest of WSIS Prizes 2023. The list of nominated projects is available [here](#). The WSIS multi-stakeholder community is invited to participate and cast its vote for one project in each of 18 categories.

[Vote ->](#)

Następnie wybierz dany projekt ze wszystkich kategorii (jest ich 18 – możesz zagłosować w sumie na 18 projektów, po jednym w każdej kategorii lub wybrać tylko jedną kategorię i oddać jeden głos na wybrany projekt).

Nasz projekt #keepCTRL – youth safe online! znajdziecie w kategorii Category 9 – AL C7. ICT applications: benefits in all aspects of life — E-learning (z menu należy wybrać AL. C7.Elearning)

The screenshot shows a web interface for voting. At the top, there are navigation links: Submit, Nominated Projects, Champion Projects, Winning Projects, My Votes, My account, and Log off. The main heading is "Voting Form". A dropdown menu is open, showing a list of categories under "AL C7. E-learning". The selected option, "AL C7. E-learning", is highlighted in blue and has a checkmark. To the left, there is a sidebar with "Category 9" selected. Below the dropdown, there are several project cards, each with a "Vote For This Project" button. The first project is "Internet + Education" big data platform. The second is "Connected North".

The screenshot shows a list of projects on the voting page. Each project card includes a title, a brief description, and a "Vote For This Project" button. The "#keepCTRL – youth safe online!" project is highlighted with a red box. The project description states: "One of UAE (Office of Electronic Communications) priorities is educating young users on responsible use of online services and preventing dangerous situations. The main objective of UAE's educational activities is improving the digital competences. As we... more". Other projects visible include "Hologram Technology Adoption in KFU Educational Environment", "Digital Learning Campuses", "One Million Uzbek Coders", "Empowering girls in Sri Lanka through Connect to Learn", "African Digital Schools Initiative", and "FutureX".

Dziękujemy za Twój głos :)
